April 21

Dear Father I was going to have a small party here today, but Hector has the measles & so it was postponed. I won't be able to go to school till he's better either.

I can ride my safety all right now & can mount & dismount pretty well. This is the only bad day we've had in the holidays. Muel & I were at the Museum yesterday & are going to the horse show tomorrow. We're going to have ice cream tonight & borrow 2 dozen slides. Are you sure that a nickel hasn't got astray in your pocket. How are you how you prospered in your travels
